

ANGELICA

Italian Red Wine

Production area: ITALY

Alcohol content: 13% vol

Grapes: RED GRAPES BLEND

VINIFICATION

Harvesting takes place when the grapes are fully ripe, ensuring optimal concentration of aromas and balance. The must undergoes traditional fermentation in stainless steel tanks at controlled temperatures to preserve freshness and fruit integrity. Gentle remontage and délestage techniques are applied to obtain soft tannins and a harmonious structure. Malolactic fermentation follows, enhancing roundness and complexity. Once the wine has reached the desired balance, it is clarified, stabilized, and bottled.

TASTING NOTES

Colour: Vivacious ruby red colour.

Bouquet: Intense and characteristic bouquet, fruity with a violet fragrance.

Taste: Medium bodied red with rich fruit flavours and a slight hint of cherries.

FOOD PAIRINGS

Ideal to accompany pasta dishes featuring tomato-based sauces, grilled or roasted meats, cured cold cuts, and semi-aged cheeses. Its versatility also makes it an ideal everyday table wine.

Service Temperature: 16-18°C.
