| SERVING TEMPERATURE | 62° F                                                     |

### NOTAS DE CATA / TASTING NOTES

Bold, smooth, and irresistibly rich, Tierra Alta Malbec captures the soul of Argentina in every sip. Grown in the high-altitude vineyards where the Andes kiss the sky, this wine bursts with ripe blackberry, dark plum, and hints of violet, subtle notes of cocoa and vanilla from oak aging add depth and warmth, while its silky tannins and balanced acidity make each glass as satisfying as the first.

It should be served at 62°F.
